018-6064 Motorized lift stand for 49"-65" TV screens, page 14

The KIMEX 018-6064 motorized floor stand is a lift for 49- to 65-inch TV screens meeting VESA standards (200x200 min, 600x400 max), weighing up to 50 kg. Designed as a modern and innovative integrated solution, this lift stand is intended to be installed in a cabinet to raise your television and then lower it after use via a remote control. This motorized floor stand is proving to be a functional solution recommended for home use as well as for audiovisual integration and hotel professionals.

- 1 Floor or ceiling **installation**
- 2 **Adjustable height** (from 68 to 158 cm)
- 3 **Memorisation of positions** for optimum convenience in use
